וי"ו מוסיף על ענין ראשון

OVERVIEW

The גמרא concluded that we can derive the rule that a שמירה בבעלים by שמירה בבעלים by שמירה נו"א since there is a וי"ו between the פרשה of ש"ש and שואל (it states וכי ישאל), therefore we can derive a ש"ש from a ש"ש (and vice versa).

יהשתא לא צריך תו קל וחומר 1 לחייב שואל בגניבה ואבידה משומר שכר: So now there is no more need for a גו"א from ש"ש to rule a גו"א, since we have the מוכר ושואל from each other.

SUMMARY

The וי"ו (of וכי ישאל) allows us to derive laws from a שואל (and vice versa).

THINKING IT OVER

- 1. What is gained by saying that now we do not need the ק"ו, since we have the זי"ו?
- 2. This answer of וי"ו, is (seemingly) not really necessary, since it was given only according to the מ"ד that לא אמרינן דיו , whose view was only a אמרינן דיו taking this answer so seriously as to say we do not need the "פּרָרָן"! 3

_

¹ Previously on this שמד we derived the שואל for גו"א through a ק"ו from ש"ש; if a ש"ש who is פטור from פטור, is nevertheless, is nevertheless, גו"א, it follows that a שבורה ומתה for שבורה ומתה, should certainly be חייב for הייב for הייב is now superfluous.
